ABOUT THE CONFERENCE

Teachers are the greatest asset of any educational system. They stand at the interface of the transmission of knowledge, skills and values. In the words of Dr.Radhakrishnan, “No nation can rise above the level of its teachers”. Therefore, they are accepted as the backbone of any educational system.

A debate is going on in the minds of many educationists whether the inputs of Entrepreneurial Qualities be integrated with the teacher education and school teaching or not. The main components of Entrepreneurship are 'taking initiative on a venture, risk-taking

and attempting to make profits'.

A question arises - Can these components be integrated with teacher and school education or not and whether the dream of holistic education can be turned into a reality or not? These are the issues which are to be clarified in the proposed conference.

NEP 2020 emphasizes on Entrepreneurship education that **seeks to provide students with the knowledge, skills and motivation to encourage entrepreneurial success in a variety of settings. The present conference aims at exploring**

the views of experts about the present teaching-learning scenario in Indian schools and what, in their opinion, should be in the context of **entrepreneurial inputs.**

In this regard, GIAST has taken a humble initiative to conduct a conference in order to make Teacher Educators aware of their opinion about the **Entrepreneurial Qualities** as also the present scenario of teaching-learning processes in schools. Besides, the participants will also be invited to express their views on these issues.

THE THEME OF THE CONFERENCE IS - “ **REVOLUTIONIZING TEACHER EDUCATION** ” **WITH ENTREPRENEURIAL INPUTS**

OBJECTIVES OF THE CONFERENCE

Entrepreneurial Education tends to take its place in teacher education and schools. After equipping themselves with the inputs of entrepreneurial education, teacher-educators /teacher-trainees **will be able to:**

- **set the realistic aims of school education in an objective manner,**
- **complete the curriculum transaction more confidently,**
- **be more competent in innovating the need-based strategies of teaching,**
- **provide experiential learning to the beneficiaries,**
- **concentrate on providing holistic learning and**
- **focus on the required life skills.**
