

## Co-Curricular Activity “BEST OUT OF WASTE”

Date: 16<sup>th</sup> January’ 2020

Venue: Gitarattan Institute of Advanced Studies & Training

*“Imagination is the beginning of creation. You imagine what you desire, you will what you imagine, and at last, you create what you will” - George Bernard Shaw*

Creativity is more than just being different. It is using simple means to make something unique using different skills. To fulfill this purpose, Co-curricular activities are organized by the institutions which depend on the interest of students and the vision of teachers. In this backdrop, a co-curricular activity named “Best out of Waste” was organized on 16<sup>th</sup> January 2020 in all the sections of B.Ed. and D.El.Ed. Students were divided into small groups having three or four members each.

It aimed to build qualities of cooperation, teamwork, coordination, leadership and personality development of the students. The students of GIAST came up with novel and imaginative ideas while using only the waste material that was available to them, such as old newspapers, cloth, used plastic containers, ice-cream sticks, napkins, old bangles, cardboards, etc. Students participated with eagerness and zeal. Variety of articles and items were made by the students

such as flower pots, flower baskets, pen stands, paper folders, photo frames, handbags, paper cycle, peacock, paper mats, wall hangings, wind chime etc.

After completing their task, they presented their items and evaluation was done by respected Principal Madam, Prof. Sonia Jindal on the basis of their performance and presentation. The winning groups were ranked accordingly.
